## EXCLUSIVE: ROONEY'S COUSIN STRIPS!

**NATALIE'S NEW 32F NORKS!** Wazza's got a whole new crisis on his hands – how to keep the fellas away from his little cousin now she's bared her awesome new boobs just for ZOO!

**MAKING CHARLEY**  
from *Big Brother*  
seem demure by  
comparison is a

saucier, sexier and decidedly more stacked footballer's cousin: Natalie Rooney. The unscheduled appearance of her right boob at Coleen McLoughlin's military precision-planned and celeb-packed 21st birthday shindig back in April saw Nat steal the press thunder away from Wazza's missus. Not a good idea – they haven't spoken since.

Now that boob – along with its bra-buddy – is hogging the lime light again, as the super-sized Scouser debuts her all-new and improved 32F assets in ZOO! "I'm very, very happy," beams Natalie, who turned 18 two weeks ago. "ZOO was always my first choice to get these out for their first appearance..."

**The last time we saw your boobs was when you flashed one of them at Coleen's 21st back in April. They were a 32B. Now they're a titanic 32F!**

I know! But even now, I definitely want them bigger, although I don't know whether I'll be able to because of the scars – you might be able to see them if I get them done ▶

**NOW TURN TO SEE NAT  
TOPLESS! (NOT SO FAST, WAYNE)**

again. I have to wait a year until I can even consider it.

**So what size would you like to go up to?**

Just like a GG or something.

**GG? As in, Good God? Have you wanted bigger boobs for ages?**

Absolutely. When I was nine I said I wanted to do Page 3. I used to say I wanted to be a porn star, too, but I didn't even know what "porn star" meant back then. I just thought, "That's a good word, isn't it?"

**Be honest - did you, at any point, say to the surgeon, "Give me a pair of Jordans...?"**

Ha! Jordans are just humungous aren't they? I love them. I love big, humungous boobs! But no, I didn't ask for Jordans. I do love her, though. She's dead funny and dead down to Earth and basically doesn't give a fuck what anyone thinks.

**What about Coleen and Wayne? Do you think they'll approve of your upgrades?**

I reckon Wayne will have to say to Coleen, "I think you need to go and get some." She needs them! She lifts her skirt up when she shows Wayne her boobs. She has to lift her skirt up and say, "Look at my boobs" because they're hanging. (Don't agree there! - Ed)

**Hmm... Clearly you haven't patched things up since the two of you fell out over the boob-flashing incident at her 21st birthday?**

I haven't heard from them since

The flash that made Coleen furious...

**FINALLY! A FIT ROONEY**

the party. Coleen's got my number; she knows where I am. I never even got a card off them for my 18th. There's a bit of a family feud between us now, which comes from the fact she's just fuming at me for taking the headlines on her birthday. Still, I'd been drinking all day. I finished work about half one and just got on it. I had all sorts - vodka... wine... a bit of everything! **Guests were apparently given a six-page booklet on how to behave around the attending celebrities. Is that true?**

Yeah. But it just told you not to ask celebrities for autographs and pictures. Basically, don't annoy them. But I did. I think it was Abbey Clancy. Either she or (Steven Gerrard's wife) Alex Curran. I got them muddled up! But Abbey was sound. She's just a normal Scouser. Gerrard and Crouch were there. And Ricky Hatton. I told Ricky he needed to go and get his hair cut. He had a proper bed head!

**There's speculation that if Wayne and Coleen tie the knot and - against the odds - ask you to be a bridesmaid, you'll outdo yourself and flash everything...**

The papers have said I'd do The Full Monty at the wedding. I wouldn't do it in a church, though! It depends on whether there'll be expensive champagne there again, I suppose. I usually go commando, anyway!
